

LIN  
ROUNDTREE  
**GROOVETREE**

Move over and make room for trumpeter, Lin Roundtree and his phat-tabulous hip urban, summer groove knock out, **Groovetree**. It is a perfect marriage between contemporary jazz and R&B with an undeniable soulful spirit that just lingers something sweet. **Groovetree** is most definitely one of smooth jazz's most creative albums the genre has to offer and I promise you, Roundtree delivers even on Sunday morning.... an offer you can't get just anywhere. Oh yeah... let me give a big shout out to Ms. Michele Vandegrift for writing the beautiful lyrics to *The Message*, not to mention, Leslie Nelson, who sang the bottom out of that song. So... I'm here to offer my sworn testimony that YES... there is future in writing vocal songs, instrumental songs and whatever else... Go 'head on Roundtree family. Ayh-hayh!
